- Population and Growth
- Current Public Health Outcomes
- Active Transportation Policies
- Existing Pedestrian Facilities
 - Statewide Sidewalk Inventory Map (*See Appendix for Regional Maps*)
- Existing Bicycle Facilities
 - Statewide Trail and Bicycle Facilities Map (*See Appendix for Regional Maps*)
- Pedestrian and Bicycle Destinations
 - Statewide Destinations Map (*See Appendix for Regional Maps*)
- Pedestrian and Bicycle Crashes
 - Statewide Crash Map (*See Appendix for Regional Maps*)

Chapter 3: Network Analysis

- Introduction
- Equity Analysis
 - Statewide Equity Map (*See Appendix for Regional Maps*)
- Bicycle Level of Traffic Stress (BLTS) Analysis

- Methodology and Findings
 - Statewide and Regional BLTS Maps
- Bicycle Facility Connectivity Analysis
 - Methodology and Findings
 - Statewide and Regional Connectivity Analysis Maps

Chapter 4: Recommended Pedestrian and Bicycle Network

- Network-development Methodology
- Toolkit of Recommendations
- Network Recommendations
 - Sidewalk Network Maps
 - Bicycle Network Maps
- Prioritization
 - Statewide Priority Network Map
- Summary of Top-Scoring Recommendations

Chapter 5: Design Guidelines

- Roadway Context
- Trip Purposes/Roadway Users
- Pedestrian Facilities
 - Sidewalks
 - Roadway Crossings
- Bicycle Facilities
 - Shoulders
 - Bicycle Lanes
 - Sidepaths
 - Intersections
 - Signage and Stencils
- Facilities in Constrained Corridors

Chapter 6: Active Transportation Policies and Programs

- Current NHDOT Project Development Process and Funding
